#### Extra Pages.

These pages ~~for~~ extra practice will prob<sup>ab</sup>ly never be needed. They were made partly for the children's mother to take, on vacations, partly for cases of slow mastery, partly to get in topics of interest asked for. You can turn to them whenever extra practice is needed on any syllable, & avoid the tedium of review; or use for a rapid run-over at the end, a sort of amusement, - or omit.
